

GetThere Express Checkout Will Save You Time!

The checkout process has been streamlined as three pages have been consolidated into one page. This single page view will accelerate the overall booking process!

Key features and benefits include:

- New Feature: **Expand All** and **Collapse All** to quickly view or close all categories. Categories will be automatically expanded if required information is missing. Categories will appear collapsed if no further information is needed.
- Streamlines checkout process significantly
- Remembers user inputs when errors occur
- Clearly identifies missing required information via banner indicators
- Streamlines **Add to Trip** feature, improving usability when adding air, car, and/or a hotel to your trip. Add to Trip has also been repositioned to appear at the top of the page for better visibility
- **Save Trip as a Template** link has also been relocated to appear at the top of the page for easier access and better use of page space
- TSA fields *only* display when U.S. locations are added to the itinerary. TSA information will not appear for hotel and/or car only trips or trips that do not include a US city
- Frequent Traveler numbers are easily visible and now include car rental loyalty numbers.

Delivery Information section expanded in this example due to missing information

Consolidates three pages into one to streamline the checkout process

TSA information is not included with non-US air trips
