Good Morning Gateway Department Buyers and Requesters,

During last week’s storm, OfficeMax’s main distribution center in Garden Grove suffered severe damage including a large section of the roof collapsing. Fortunately no one was hurt but production out of that facility has been shut down for repair work.

All production has shifted to other locations, which is going to result in delivery delays.

OfficeMax will be sorting and dispatching deliveries as quickly as possible, but please be aware that their standard next-day delivery will be affected for at least the next week.

If we are made aware of any changes or additional delays, we will let you know. If you have any questions or concerns, please contact OfficeMax at (877) 226-6189.

If you have any questions about this announcement, please contact the Gateway Helpdesk.
